

## Health and Safety Guidelines for Chicago Events

*Last updated October 11, 2021*

The Council on Tall Buildings and Urban Habitat (CTBUH) is committed the health and safety of those attending our events.

For all events, CTBUH follows state and local public health mandates and guidance from the Centers for Disease Control and Prevention (CDC). As guidance and mandates evolve, CTBUH will update these guidelines.

Our guidelines for attending CTBUH in-person events in Chicago are:

Any person who feels unwell, has COVID-19 symptoms, or has received a positive COVID-19 test result in the past 10 days should not attend a CTBUH event. Anyone, regardless of vaccination status, who has had close contact with another person confirmed or suspected of having COVID-19 should also not attend CTBUH events. Please contact our customer team at [events@ctbuh.org](mailto:events@ctbuh.org) if you need to cancel your participation due to COVID-19.

Regardless of COVID-19 vaccination status, all attendees are required to wear a face covering while attending a CTBUH indoor event when you are within six feet of others, in accordance with the City of Chicago's mandate. Masks may be removed for eating or drinking.

Attendees visiting from outside of Illinois who are not vaccinated should follow the City of Chicago's travel advisory. More details are here: <https://www.chicago.gov/city/en/sites/covid-19/home/emergency-travel-order.html>

Attendees understand that there is an inherent risk of exposure to COVID-19 in any public place where people are present. Those attending CTBUH events voluntarily assume all risks related to exposure to COVID-19.

Attendees agree to follow all health and safety guidelines and posted signage. CTBUH reserves the right to require attendees who do not follow our guidelines to leave an event immediately. Anyone who is disrespectful or discourteous to other attendees or staff may also be asked to leave.

Thank you for working with us to keep everyone safe and healthy.
